COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. For this reason we ask that they be destroyed at the time the succeeding issue is distributed.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. The Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

DIRECTORIES OF OTHER CITIES

Telephone Directories of other cities are available at our Business Office for your convenience. If you need any copies for your own use, our Business Office will be glad to get them for you.

IDENTIFICATION OF EMPLOYEES

Employees of the Company whose duties require them to enter premises of customers are supplied with identification cards. If you doubt the right of a person to represent himself as an employee of this Company, please call the Business Office.

RATES

Rates and practices included in this directory are based on those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegram charges will appear on your telephone bill. You may also telephone your telegrams from coin telephones, paying as you would for a telephone call.

TONES AND SIGNALS

RINGING SIGNAL

A burring sound at slow, regular intervals indicates that the telephone you are calling is being rung. Allow a reasonable time—at least a minute (10 rings)—for the person you are calling to answer.

BUSY SIGNAL

A persistent series of buzzing sounds means that the called telephone is busy or it is a party line that somebody else is using. When you hear this, you should replace the receiver. Wait about three minutes and try again.

NO-SUCH-NUMBER SIGNAL

A siren-like sound rising and falling in pitch indicates that a dialing or other error has occurred and no such number exists. When you hear it, replace your receiver, refer to your directory to be sure of the correct number and dial your call again.

VOICE RECORDING SIGNAL

If you are talking to someone on the telephone and you hear a short high "beep" tone every 15 seconds or so, it is a voice-recording signal. This means the person you are talking to is recording your conversation. It is against the law to use a recorder without this signal.

HOW TO GET THE BEST USE OUT OF YOUR TELEPHONE

1. Have the right number. Look up any number you are not sure of. Write it down. Refer to it while dialing.

2. Lift the receiver and listen for the dial tone—a steady humming sound. As soon as you hear the dial tone start dialing. (If you do not hear the dial tone within a reasonable time, hang up, wait a few seconds, and try again.)

3. Dial the two letters and the numeral in the prefix—then the four other figures in the number. For example, to call REdfield 8-6070, dial: RE86070.

In each case, turn the dial until your finger FIRMLY touches the finger stop.

Take your finger out and let the dial return freely until it stops.

OTHER HELPFUL HINTS

Dialing another party on your line.

Seaside—Cannon Beach—If you have Two, Four or Eight Party Line service, DIAL "114" to obtain assistance.

Jewell—Westport—If you have Two, Four or Eight Party Line service, DIAL "Operator" to obtain assistance.

If your finger slips or a mistake is made, hand up for a moment then after listening for duel tone again, redial the complete number.

I u h ar someone else dialing before

Do not turn the dial while talking, it may break the connection.

Be careful not to mistake the letter "O" for the numeral "O" (zero).

Be careful not to mistake the letter "I" for the numeral "1" (one).

If you need assistance in completing a call, dial the operator (numeral zero). She will be glad to help you.

When your telephone rings answer promptly A mapt we may proven the long

LIST EACH BRANCH OF YOUR BUSINESS HERE How is make sure is senice even better

You won't miss important calls

when you answer promptly. When you have only

two cards left to play in an exciting grand slam hand—

or in any situation where you'd like to say "Wait a minute!"

—it's always a temptation not to answer the telephone
immediately. The person calling, though, doesn't know

what you're doing and may hang up, thinking you are
not at home. That way you may miss important calls.

So, next time your telephone rings, won't you

try to answer as quickly as you can?

extension telephones are so handy yet cost so little

For only a few pennies a day you can enjoy the convenience of an extra telephone in your home.

Extensions go almost anywhere in the home—in the bedroom or basement... in the den, kitchen, or garage... wherever you spend a lot of time. And the cost is small... only pennies a day. We can offer this service again because extensions require only additional telephone sets,

not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

New convenience in telephones...

AND THEY'RE ALL SURPRISINGLY LOW IN PRICE, TO ORDER, JUST CALL YOUR PACIFIC TELEPHONE BUSINESS OFFICE.

CALL BY NUMBER

Handy booklets like these...

for your personal local and out-of town numbers a cours for the asking. Just write or stop in our Pacific Telephone business office. By keeping allst of numbers you call frequently, you'll save from Remember your long distance calls you call by number.

How to get the most out of your telephone service

It's wise (and thoughtful) to follow these simple golden rules for good telephone service:

- Encourage the youngsters to be considerate telephone users...and you won't miss important calls.
- Give the person you're calling plenty of time to answer...at least a full minute...and you'll reach him more often.
- Be sure that the line is free before making a call when you're on a party-line.
- Look up any numbers you're not sure of and... keep personal lists up-to-date.

Get the right number first

Get it from the directory. If there's any doubt about it, look up the number before you call. It's mighty easy to get numbers twisted if you depend on memory alone. And since looking up numbers in the directory is so easy, it's a good way to save time in making your calls.

At the time a house is built, the cost of installing conduit for a number of telephone outlets is small...and it adds real value to the home. It's a wise economy, even if only one telephone is needed immediately.

Additional telephones can be added when you want them...where you want them...where you want them...without running exposed wires along baseboards or moulding or drilling through floors. When you build, plan for a number of outlets. Call your local Telephone Business Office and ask for free Architects and Builders Service.

Yau'll get quicker dial service if yau fallow these simple steps:

- 1. Listen for the dial tane. It's your signal that the equipment is ready to take your call.
- 2. Dial each letter and digit of the number in its right order.
- 3. Draw the dial all the way to the finger stap.
- 4. Lift your finger and let the dial return naturally, without farcing.
- 5. If you make a mistake while dialing, hang up far a few secands and then start your call again.

Play Ball

When you call somebody by telephone, "play ball" with him by giving him time to answer. Please don't hang up too soon.

When you take down your telephone to dial, a few seconds are sometimes required for the equipment at the central office to get ready to serve you. When it is in position, you hear a notifying hum. a "dial tone," corresponding to an operator's "Number, please?" If you will wait for this dial tone, it will speed your calls!

You'll get quicker dial service if you follow these simple steps:

1. Listen for the dial tone. It's your signal that the equipment is ready to take. your call.

Dial each letter and digit of the number in its right order.

3. Draw the dial all the way to the finger stop.

Lift your finger and let the dial return naturally, without forcing.

If you make a mistake while dialing, hang up for a few seconds and then start your call again.

You'll get quicker dial service if you follow these simple steps:

- 1. Listen for the dial tone. It's your signal that the equipment is ready to take your call.
- 2. Dial each letter and digit of the number in its right order.
- 3. Draw the dial all the way to the finger stop.
- 4. Lift your finger and let the dial return naturally, without forcing.

two cards left to play in an exciting grand slam hand—
or in any situation where you'd like to say "Wait a minute!"
—it's always a temptation not to answer the telephone
immediately. The person calling, though, doesn't know
what you're doing and may hang up, thinking you are
not at home. That way you may miss important calls.
So, next time your telephone rings, won't you
try to answer as quickly as you can?

COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. For this reason we ask that they be destroyed at the time the succeeding issue is distributed.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. The Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

DIRECTORIES OF OTHER CITIES

Telephone Directories of other cities are available at our Business Office for your convenience. If you need any copies for your own use, our Business Office will be glad to get them for you.

IDENTIFICATION OF EMPLOYEES

Employees of the Company whose duties require them to enter premises of customers are supplied with identification cards. If you doubt the right of a person to represent himself as an employee of this Company, please call the Business Office.

SHIP TELEPHONE SERVICE

This service provides two-way telephone communication between a telephone on land and a ship equipped with a radio telephone or between ships when within range of any one of six Telephone Company Pacific Coast Shore Stations. To make a call from a telephone on land dial "Operator" and ask for "Marine Operator" and tell her you wish to place a call to a ship, giving her the name of the ship and its approximate location.

RATES

Rates and practices included in this directory are based on those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegram charges will appear on your telephone bill. You may also telephone your telegrams from coin telephones, paying as you would for a telephone call.

TONES AND SIGNALS

RINGING SIGNAL

A burring sound at slow, regular intervals indicates that the telephone you are calling is being rung. Allow a reasonable time—at least a minute (10 rings)—for the person you are calling to answer.

BUSY SIGNAL

A persistent series of buzzing sounds means that the called telephone is busy or it is a party line that somebody else is using. When you hear this, you should replace the receiver. Wait about three minutes and try again.

NO-SUCH-NUMBER SIGNAL

A siren-like sound rising and falling in pitch indicates that a dialing or other error has occurred and no such number exists. When you hear it, replace your receiver, refer to your directory to be sure of the correct number and dial your call again.

VOICE RECORDING SIGNAL

If you are talking to someone on the telephone and you hear a short high "beep" tone every 15 seconds or so, it is a voice-recording signal. This means the person you are talking to is recording your conversation. It is against the law to use a recorder without this signal.

HOW TO GET THE BEST USE OUT OF YOUR TELEPHONE

1. Have the right number. Lock up any number you are not sure of. Write it down. Refer to it while dialing.

2. Lift the receiver and listen for the dial tone—a steady humming sound. As soon as you hear the dial tone start dialing. (If you do not hear the dial tone within a reasonable time, hang up, wait a few seconds, and try again.)

3. Did the two letters and the numeral in the prefix the the four other figures in the number. For example, to call FAirfax -1750, dal: FA51750.

In each case, turn the dial until your finger FIRMLY touches the finger stop.

Take your finer ut and let the dial return freely until it top.

OTHER HELPFUL HINTS

Dioling another party on your line. Astorio Only

Two and Four Party Lines-

Dial the listed number and as soon a, you hear the busy signal hang up. Your telephone and the called telephone will ring at regular intervals until the called party noswers. When the ringing stops, remove your receiver and start conversation. In case the called party does not answer, remove your receiver momentarily to stop the ringing.

Eight Party Lines-

Dial the listed number and when you hear a high pitched tone, dial your party code number as shown on your telephore number plate. As soon as you hear the busy signal hang up. Your telephore and the called telephone will ring at regular intervals until the called party an wers. When the ringing stars, remove your receiver and tait convertation. In case the called party does not answer, remove your receiver momentarily to stop the ringing.

Worrenton

Please make sure it's the right number

It's surprising how one's memory will play pranks and cause one to say, for example, "1621" for "1261."

Please consult the directory first.

This is particularly desirable when there has lately been a new issue of the telephone directory.

THE PACIFIC TELEPHONE AND TELECRAPH COMPANY

How to help yourself // to good telephone service

• Give the person you're calling plenty of time to answer—at least a full minute...and you'll reach him more often.

• Encourage the youngsters to be considerate telephone users...and you won't miss important calls.

• Wait a few minutes between calls if you're on a party-line...good party-line neighbors get better party-line service.

• Unless you're sure of your number, look it up before you call. It's also wise to keep personal lists up-to-date.

At the time a house is built the cost of installing conduct for a number of telephone outlets is small...and it adds real value to the home. It's a wise economy, even if only one telephone is needed immediately.

Additional telephones can be added when you want them...where you want them...without running exposed wires along baseboards or moulding or drilling through floors. When you build, plan for a number of outlets. Call your local Telephone Business Office and ask for free Architects and Builders Service.

Nothing's finer than a Good Neighbor ... and that goes for a telephone party line

Just as a good neighbor on your street is always thoughtful and helpful . . .

So does a good telephone party line neighbor cooperate with you in telephone usage.

Here are a few of the ways to make sure you are a good neighbor on your party line:

- Make sure the line is not in use before you try to call.
- If you find the line busy when you have to make an urgent call, politely explain the circumstances to the person using the line. Extend the same courtesy to others you expect yourself under like conditions.
- Talk no longer than necessary; allow time between calls so that others may have a chance to use the line.
- Answer promptly when your telephone rings; always replace the receiver when you have finished using the line.

Careful observance of these points assures more satisfaction and better service on your telephone party line.

Thanks for using your Directory instead of calling Information

Every day thousands of people call "Information" for telephone numbers that are listed in the directory.

Obviously, you did not or you wouldn't be reading this page, and we want to thank you for your help.

Not that we mind giving assistance. When telephone numbers are not listed, we want you to call "Information." But in most cases, the number you want is in the directory and easy to ind.

Thanks for your coopera-

numbers which include a central office name

Please remember...

Always dial the first two letters and the numeral in the central office name...followed by the remaining figures in the number.

extension telephones now available for your home

For just pennies a day you can enjoy the convenience of an extra telephone.

Extensions are handy so many places. In the breakfast nook or basement . . . in bedrooms, the den, or garage . . . in any part of your home where you spend a lot of time,

an extension is a time saver and step-saver. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

LONG DISTANCE SERVICE

To place Long Distance calls give the operator the city or town, the telephone number you are calling, if you have it, or the name and address under which it is listed. The operator will ask for your number when she needs it to complete the call.

STATION-TO-STATION CALLS—When you will talk with anyone who answers the called telephone.

PERSON-TO-PERSON CALLS—When you want to talk to a particular person or a particular extension telephone connected through a private switchboard, give the operator the name, extension or department after you have given the distant city and telephone number.

COLLECT CALLS—Upon request, the charges on calls to most points within the Continental United States, Alaska, Canada and to certain overseas points may be collected at the called telephone. Collect calls take the regular Station-to-Station or Person-to-Person rates except that higher Station collect call rates apply where the Station rates are 20 cents or less on calls within Oregon or 25 cents or less on calls outside of Oregon.
